Mr. Wiseberg,

I am interested in purchasing all of your books, except Case Open which I already have. Thank you so very much for refuting Posner's book. Posner once again all by himself insulted our intelligence. A friend of mine painted me a picture of your book cover 2'x3' and I framed it. It's a prize piece. I also would like your permisson to have T-shirts printed.

I admire you very much
even to see you on specials,
and to see your file cabnets
behind you is a good
indication of how much
time and work you have
shared with us in your
books. I also saw you on
a Dallas newscast discussing
the Charles Bronson film,
I am including a self stamped
envelope if you can send
me the prices of your
books or you can call
me At 209-847-5664.

I live in Oakdale, CA. I was in third grade, when President Kennedy was murdered and I can't let go from that Day forward. I'm currently in the process of forming a non-profit organization to provide Study ~~group~~ groups and lectures on the Assassination. I have one of the biggest collection's in the county maybe even the State. People come from all over

to see my collection, and if they mention Posner's book, I get angry. Of course, I tell them don't buy it. I have never seen or even had a list it was on, to order one of your books, until I was in Berkeley, Calif. Recently and found case open. Once Again THANK You, also for the dedication and the time you have spent on this case. I consider you one of

best experts on the subject. Thank you
MR. Weisberg
